EXPERIENCE

FullStack Developer Intern

Inventron Technology

2023 Nov– 2024 Apr

Bengaluru, Karnataka

- Developed mission-critical software solutions using React, Node.js, and Java, building responsive front-end and Big Data applications.
- Collaborated with cross-functional teams in Agile environments to design, implement, test, and maintain software.
- Drove continuous product improvement by innovating with large data sets and real-time processing.
- Created reusable UI components, enhancing code maintainability by 40%.

Web Developer

SITMICOS

2024 Sep– Present

Thiruvananthapuram, Kerala

- Built responsive web apps using HTML, CSS, JavaScript, and React.js.
- Developed RESTful APIs with Node.js and Express.js.
- Collaborated with team members to implement and test web application features.
- Worked in Agile teams on end-to-end project development.
- Created reusable React components to speed up development.

PROJECTS

Amazon Clone

- Created a static Amazon clone with HTML and CSS, focusing on responsive design, UI elements, and cross-browser compatibility.

Personal Portfolio Website

- Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase skills, projects, and professional background with an interactive interface and detailed CV.

Expense Tracker

- Created an Expense Tracker app with Java and MySQL, enabling users to manage finances with features like expense categorization, updates, and detailed reporting. Focused on a user-friendly interface and efficient backend data management.

To-Do List Application

- Developed a To-Do List app with JavaScript, HTML, and CSS, allowing users to organize tasks with features for adding, editing, and deleting. Emphasized responsive design and user-friendly interface, showcasing front-end development skills.

SUMMARY

- BCA Graduate with hands-on experience in full-stack web development, including projects like an Amazon Clone, Personal Website, Expense Tracker, and To-Do List App. Completed a 6-month internship as a Software Engineer, demonstrating strong development skills and a commitment to delivering high-quality solutions.

EDUCATION

Bachelor of Computer Application

Acharya Institute of Graduate Studies

2024

Bengaluru, Karnataka

- CGPA: 7

TECHNICAL SKILLS

- Programming Languages:** Python, Java, C
- Backend Languages:** Django
- Frontend Technologies:** HTML, CSS, JavaScript, React
- Database Systems:** SQL (MySQL), NoSQL (MongoDB)
- Frameworks and Tools:** Agile, Git, RESTful APIs, Cloud (Azure), Figma

SOFT SKILLS

- Clear Communication
- Problem-Solving
- Innovation
- Time Management
- Adaptability
- Continuous Learning

CERTIFICATIONS

- Google Cybersecurity Professional Certificate (8 courses), Google Certificate URL
- Data Analytics and Visualization Job Simulation, Accenture Certificate URL
- Python and Django | The Complete Django Web Development Course, Udemy Certificate URL
